- Date of Maturity, if applicable;
- Par and dollar amount investment for all securities;
- Percent distribution of each type of investment or deposit; current market value as of the date of the report, including source of the valuation except those under LAIF;
- Rate of interest;
- Average weighted yield of all investments;
- A statement relating the report to the City's Investment Policy; and
- A statement that there are sufficient funds to meet the City's next six months financial obligations.

The current practice for cash management is to maintain an operating balance between \$75,000 and \$150,000 in the City's US Bank Corporate checking account. This account accumulates Earnings Credits based on the account balance which offset/reduce monthly service charges. City funds in excess of targeted operating balance are transferred to the State of California Local Agency Investment Fund (LAIF) on a weekly basis. The checking account balance may be reported at an amount higher than the target balance by the Bank due to the timing of City checks being processed by vendors/service providers.

The City's investment policy is authorized under the California Government Code, section 53600, et. seq. as it applies to the investment of public funds. The Government Code governs the City's allowable investments, and the lengths of those investments. Our investment policy dictates that the City should have liquid short term securities to meet six months financial obligations. The budget for fiscal year 2019-2020 reflects nearly \$4.2M in annual operating expenditures; therefore, our target for liquid short term securities would be \$2.1M.

The attached schedule <u>Analysis of Treasury Investment Pool</u> satisfies the State's reporting requirements. Additionally, we have determined:

- The investments held at March 31, 2020 conform to the City Investment Policy adopted by Resolution 29-2014.
- The composite yield of the City's investment pool (US Bank and LAIF) to be the rate of 1.83% for the quarter ended March 31, 2020.
- There are sufficient funds on deposit to meet all anticipated City expenditures for the period April 1, 2020 through September 30, 2020.

Historically, due to fluctuations in fund balances, investment opportunities outside the corporate checking and LAIF accounts have been somewhat limited. With several years of solid funding levels, the City staff has reviewed additional investment opportunities. We have seriously considered the process of opening an account for some short term Certificates of Deposit (CD) investments. In recent months, the rates for CD's have dropped creating a narrow gap between the two investment options. Staff will continue to review for opportunities, but at this time will continue with the current investment structure.

#### CITY OF COLFAX ADMINISTRATIVE POLICIES AND PROCEDURES

Subject:	Investment Policy
Effective Date:	October 8, 2014
Resolution:	Resolution No. 29-2014

#### SCOPE AND AUTHORITY

The purpose of this policy is to establish a prudent and systematic Investment Policy, and to organize and formalize investment-related activities.

The City's Investment Policy is authorized under the California Government Code, section 53600, et, seq.as it applies to the investment of public funds.

It is intended that this policy cover all funds and investment activities under the direct authority of the City of Colfax. Investments authorized by Fiscal Agents pursuant to bonded debt are controlled by the terms and conditions of the specific bond, and may not necessarily coincide with the Investment Policy outlined herein. Investments must conform to Government Code Section 53600.5 concerning safekeeping of purchased securities by financial advisers, fiscal agent, or consultants. Wherever practical, investments made by a Fiscal Agent on behalf of the City will be consistent with this Policy.

#### **INVESTMENT OBJECTIVES**

**Safety** – It is the primary duty and responsibility of the City Staff to protect, preserve and maintain cash and investments on behalf of the citizens of Colfax.

**Liquidity** – An adequate percentage of the City's investment portfolio should be maintained in liquid short-term securities which can be converted to cash if necessary to meet disbursement requirements. Since all cash requirements cannot be anticipated, investments in securities with active secondary or resale markets is highly recommended. Emphasis should be on marketable securities with low sensitivity to market risk.

**Yield** – Yield should become a consideration only after the basic requirements of safety and liquidity have been met.

A. The overall yield should be designed to attain a market-average rate of return throughout budgetary and economic cycles, taking into account the City's risk constraints, the cash flow characteristics of the portfolio, and State and local laws, ordinances or resolutions that restrict investments.

**Public Trust** – All participants in the investment process shall act as custodians of the public trust. Investment officials shall recognize that the investment portfolio is subject to public review and evaluation. The overall investment program shall be designed and managed with a degree of professionalism that is worthy of the public trust.

**Diversification** – The investment portfolio will be diversified to avoid incurring unreasonable and avoidable risks regarding specific security types or individual financial institutions.

A. In a diversified portfolio it must be recognized that occasional measured losses are inevitable, and must be considered within the context of the overall portfolio's investment return, provided that adequate diversification has been implemented.

**Prudence** – The City adheres to the "prudent person rule" which obligates a fiduciary to insure that: "...investments shall be made with the exercise of that degree of judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation but for investment considering the probable safety of their capital as well as the probable income to be derived."

#### **INVESTMENT STRATEGY**

The most effective method of increasing investment yields without sacrificing safety is to extend the investment horizon commensurate with the City's cash requirements. To that end, improved cash forecasting and management is the preferred investment strategy for the City.

A. Cash management activities include accurate cash projections, the expeditious collection of revenue, the control of disbursements, cost-effective banking relations, and a short-term borrowing program, when needed, that coordinates working capital requirements and investment opportunity.

#### ALLOWABLE INVESTMENT INSTRUMENTS

The Government Code, Sections 53601, 53601.1 and 53635 shall govern the City's allowable investments, and the length of those investments, unless specifically limited by this policy. Although the maximum maturity for any deposit or investment is five years, most investments should be for no longer than 2-3 years. All investments of City funds shall be made in accordance with California Government Code Sections 53601, et seq. and 53635 et seq., or in accordance with California Government Code 16429.1 authorizing investments into the State Local Agency Investment Fund (LAIF). Investments will be authorized by the City Manager, City Treasurer, Finance Director or Mayor only.

#### **REPORTING REQUIRMENTS**

City staff shall submit a quarterly investment report to the City Council. The report must be submitted to the City Manager for the agenda within 30 days following the end of the month covered by the report, and is required under Government Code Section 53646. Such report shall include at least the following information:

- Types of investments;
- Name of the institution in which funds are invested or deposited;
- Date of maturity, if applicable;
- Par and dollar amount investment for all securities;
- Percent distribution of each type of investment or deposit; current market value as of the date of the report, including source of the valuation except those under LAIF;
- Rate of interest;

- Average weighted yield of all investments;
- A statement relating the report to the City's Investment Policy; and
- A statement that there are sufficient funds to meet the City's next six months' financial obligations.

Staff shall also submit the above information annually to the external auditors.

Periodic reports shall be prepared as required by circumstances or as directed by Council. Such circumstances include, but are not limited to, notification that any City investment may be in jeopardy or a sudden and significant drop in the current market value of any City investment.

#### **INTERNAL CONTROLS AND GENERAL GUIDELINES**

A system of internal control shall be implemented to prevent losses of public funds arising from fraud, employee error, misrepresentation of third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the City.

Controls deemed most important include:

- The control of collusion and separation of duties;
- Custodial safekeeping of funds invested or on deposit;
- Minimizing the number of authorized Investment Officers; and
- Written documentation of procedures and transactions.

In selecting financial institutions for the deposit or investment of City funds, the City shall consider the credit-worthiness of the institution. Such credit-worthiness shall be monitored on a regular basis throughout the period in which City funds are deposited or invested.

- A. Any deposit or investment of funds shall be in writing, signed by the City and the authorized representative of the institution.
- B. All transfers must be made by authorized personnel and properly logged and documented.

City staff shall encourage peer review of the City's investments and investment practices. In addition, the City's cash management and investment practices shall be included in any outside financial audit of the City.

An annual Cash Flow Forecast may be prepared by the City, and would be used to assist in the development of the annual operating budget for the City.

This Investment Policy shall be reviewed by the City Council on an annual basis as part of the budget process.

### CITY OF COLFAX ADMINISTRATIVE POLICIES AND PROCEDURES

Subject:	Investment Policy
Effective Date:	October 8, 2014
Resolution:	Resolution No. 29-2014

#### **SCOPE AND AUTHORITY**

The purpose of this policy is to establish a prudent and systematic Investment Policy, and to organize and formalize investment-related activities.

The City's Investment Policy is authorized under the California Government Code, section 53600, et, seq.as it applies to the investment of public funds.

It is intended that this policy cover all funds and investment activities under the direct authority of the City of Colfax. Investments authorized by Fiscal Agents pursuant to bonded debt are controlled by the terms and conditions of the specific bond, and may not necessarily coincide with the Investment Policy outlined herein. Investments must conform to Government Code Section 53600.5 concerning safekeeping of purchased securities by financial advisers, fiscal agent, or consultants. Wherever practical, investments made by a Fiscal Agent on behalf of the City will be consistent with this Policy.

#### **INVESTMENT OBJECTIVES**

**Safety** – It is the primary duty and responsibility of the City Staff to protect, preserve and maintain cash and investments on behalf of the citizens of Colfax.

**Liquidity** – An adequate percentage of the City's investment portfolio should be maintained in liquid short-term securities which can be converted to cash if necessary to meet disbursement requirements. Since all cash requirements cannot be anticipated, investments in securities with active secondary or resale markets is highly recommended. Emphasis should be on marketable securities with low sensitivity to market risk.

**Yield** – Yield should become a consideration only after the basic requirements of safety and liquidity have been met.

A. The overall yield should be designed to attain a market-average rate of return throughout budgetary and economic cycles, taking into account the City's risk constraints, the cash flow characteristics of the portfolio, and State and local laws, ordinances or resolutions that restrict investments.

**Public Trust** – All participants in the investment process shall act as custodians of the public trust. Investment officials shall recognize that the investment portfolio is subject to public review and evaluation. The overall investment program shall be designed and managed with a degree of professionalism that is worthy of the public trust.

**Diversification** – The investment portfolio will be diversified to avoid incurring unreasonable and avoidable risks regarding specific security types or individual financial institutions.

A. In a diversified portfolio it must be recognized that occasional measured losses are inevitable, and must be considered within the context of the overall portfolio's investment return, provided that adequate diversification has been implemented.

**Prudence** – The City adheres to the "prudent person rule" which obligates a fiduciary to insure that: "...investments shall be made with the exercise of that degree of judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation but for investment considering the probable safety of their capital as well as the probable income to be derived."

#### **INVESTMENT STRATEGY**

The most effective method of increasing investment yields without sacrificing safety is to extend the investment horizon commensurate with the City's cash requirements. To that end, improved cash forecasting and management is the preferred investment strategy for the City.

A. Cash management activities include accurate cash projections, the expeditious collection of revenue, the control of disbursements, cost-effective banking relations, and a short-term borrowing program, when needed, that coordinates working capital requirements and investment opportunity.

#### ALLOWABLE INVESTMENT INSTRUMENTS

The Government Code, Sections 53601, 53601.1 and 53635 shall govern the City's allowable investments, and the length of those investments, unless specifically limited by this policy. Although the maximum maturity for any deposit or investment is five years, most investments should be for no longer than 2-3 years. All investments of City funds shall be made in accordance with California Government Code Sections 53601, et seq. and 53635 et seq., or in accordance with California Government Code 16429.1 authorizing investments into the State Local Agency Investment Fund (LAIF). Investments will be authorized by the City Manager, City Treasurer, Finance Director or Mayor only.

#### **REPORTING REQUIRMENTS**

City staff shall submit a quarterly investment report to the City Council. The report must be submitted to the City Manager for the agenda within 30 days following the end of the month covered by the report, and is required under Government Code Section 53646. Such report shall include at least the following information:

- Types of investments;
- Name of the institution in which funds are invested or deposited;
- Date of maturity, if applicable;
- Par and dollar amount investment for all securities;
- Percent distribution of each type of investment or deposit; current market value as of the date of the report, including source of the valuation except those under LAIF;
- Rate of interest;

- Average weighted yield of all investments;
- A statement relating the report to the City's Investment Policy; and
- A statement that there are sufficient funds to meet the City's next six months' financial obligations.

Staff shall also submit the above information annually to the external auditors.

Periodic reports shall be prepared as required by circumstances or as directed by Council. Such circumstances include, but are not limited to, notification that any City investment may be in jeopardy or a sudden and significant drop in the current market value of any City investment.

#### **INTERNAL CONTROLS AND GENERAL GUIDELINES**

A system of internal control shall be implemented to prevent losses of public funds arising from fraud, employee error, misrepresentation of third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the City.

Controls deemed most important include:

- The control of collusion and separation of duties;
- Custodial safekeeping of funds invested or on deposit;
- Minimizing the number of authorized Investment Officers; and
- Written documentation of procedures and transactions.

In selecting financial institutions for the deposit or investment of City funds, the City shall consider the credit-worthiness of the institution. Such credit-worthiness shall be monitored on a regular basis throughout the period in which City funds are deposited or invested.

- A. Any deposit or investment of funds shall be in writing, signed by the City and the authorized representative of the institution.
- B. All transfers must be made by authorized personnel and properly logged and documented.

City staff shall encourage peer review of the City's investments and investment practices. In addition, the City's cash management and investment practices shall be included in any outside financial audit of the City.

An annual Cash Flow Forecast may be prepared by the City, and would be used to assist in the development of the annual operating budget for the City.

This Investment Policy shall be reviewed by the City Council on an annual basis as part of the budget process.

#### Summary/Background

HCD is currently accepting applications for the Local Early Action Planning (LEAP) Grants Program. The LEAP Grants Program set aside approximately \$119 million dollars to provide funding to jurisdictions for the preparation and adoption of planning documents, process improvements that accelerate housing production, and facilitate compliance in implementing the 6th cycle of the regional housing need assessment. HCD has determined maximum award amounts for large, medium, and small localities, based on population. Based on population size, the City of Colfax qualifies for a \$65,000 grant award. It should be noted that this is a non-competitive, over the counter, grant opportunity that does not require a local match to receive the funds. Final grant applications due date is July 1, 2020.

Planning staff is recommending using the LEAP grant funds to supplement the funds received through the SB2 grant (\$160,000). These SB2 monies were to supplement the \$207,087 contract with PlaceWorks for updating the General Plan and Housing Element. The LEAP funding will cover the remaining Placeworks contract value.

On November 21, 2019, the Sacramento Area Council of Governments (SACOG) adopted the Regional Housing Needs Allocation (RHNA) for the 6th Cycle mandating the City of Colfax provide sufficient zoned land for 97 residential units, consisting of 48 above moderate, 21 moderate, 11 low, and 17 very low income units for the 6th Cycle. The 6th Cycle (2021-2029) Housing Element Update must be adopted by August 31, 2021.

#### **Fiscal Impacts**

The City of Colfax entered into a contract with Placeworks for planning related services. The following table provides a breakdown of the funding and contract value.

Description	Cost/Funding
Placeworks Contract	(\$207,087)
SB (2) Grant Funding	\$160,000
LEAP Grant Funding	\$65,000
Total	\$17,913

The additional value, \$17,913, above the consultant contract will provide an opportunity for internal staff costs reimbursement from the grant funding.

#### Section 7. Subcontracts.

If City consents to a subcontract, Contractor shall be fully responsible to the City and third parties for all acts or omissions of the subcontractor to which the Services or any portion thereof are subcontracted. This Agreement shall be administered and interpreted under the laws of the State of California. Jurisdiction over any litigation arising from this Agreement shall be in the Superior Court of the State of California with venue in Placer County, California.

#### Section 11. Suspension of Services.

Upon written request by Contractor, City may suspend, in writing, all or any portion of the Services if unforeseen circumstances beyond the control of the City and Contractor make normal progress of the Services impossible, impractical or infeasible. Upon written City approval to suspend performance of the Services, the time for completion of the Services shall be extended by the number of days performance of the Services is suspended.

#### Section 12. Termination of Services.

City may at any time, at its sole discretion, terminate all or any portion of the Services and this Agreement upon seven (7) days written notice to Contractor. Upon receipt of notice of termination, Contractor shall stop performance of the Services at the stage directed by City. Contractor shall be entitled to payment within thirty (30) days for Services performed up to the date of receipt of the written notice of termination. Contractor shall not be entitled to payment for any Services performed after the receipt of the notice of termination unless such payment is authorized in advance in writing by the City.

Should Contractor fail to perform any of the obligations required of Contractor within the time and in the manner provided for under the terms of this Agreement, or should Contractor violate any of the terms and conditions of this Agreement, City may terminate this Agreement by providing Contractor with seven (7) days written notice of such termination. The Contractor shall be compensated for all Services performed prior to the date of receipt of the notice of termination. However, the City may deduct from the compensation which may be owed to Contractor the amount of damage sustained or estimated by City resulting from Contractor's breach of this Agreement. Contractor's obligations pursuant to Sections 5 and 6 of this Agreement shall survive termination, and continue in effect for as long as necessary to fulfill the purposes of Sections 5 and 6.

#### Section 13. Independent Contractor.

Contractor shall in all respects be an independent contractor and not an agent or employee of City. Contractor has and shall retain the right to exercise full control and supervision of the means and methods of performing the Services. Contractor shall receive no premium or enhanced pay for Services normally understood as overtime; nor shall Contractor receive holiday pay, sick leave, administrative leave or pay for any other time not actually expended in the performance of the Services. It is intended by the parties that Contractor shall not be eligible for benefits and shall receive no compensation from the City, except as expressly set forth in this Agreement. Contractor shall submit completed W-9 and Report of Independent Contractor forms upon execution of this Agreement and prior to the payment of any compensation hereunder.

#### Section 14. Ownership of Documents.

Within thirty (30) days after the Contractor substantially completes performance of the Services, or within thirty (30) days after the termination of this Agreement, the Contractor shall deliver to the City all files, records, materials and documents drafted or prepared by Contractor's in the performance of the Services. It is expressly understood and agreed that all such files, records, materials and documents are the property of the City and not the property of the Contractor. All finished and unfinished reports, plans, studies, documents and other writings prepared by and for Contractor, its officers, employees and agents in the course of performing the Services shall become the sole property of the City upon payment to Contractor for the Services, and the City shall have the exclusive right to use such materials in its sole discretion without further compensation to Contractor or to any other party. Contractor shall, at Contractor's expense, provide such reports, plans, studies, documents and writings to City or any party the City may designate, upon written request. Contractor may keep file copies of all documents prepared for City. Use of any such documents by the City for projects that are not the subject of this Agreement or for purposes beyond the scope of the Services shall be at the City's sole risk without legal liability or expense to Contractor.

#### Section 15. Changes and/or Extra Work.

Only the City Council may authorize extra and/or changed Services, modification of the time of completion of the Services, or additional compensation for the tasks to be performed by Contractor. Contractor expressly recognizes that other City personnel are without authorization to order extra and/or changed Services or to obligate the City to the payment of additional compensation. The failure of Contractor to secure the prior written authorization for such extra and/or changed Services shall constitute a waiver of any and all right to adjustment in the contract price due to such unauthorized Services, and Contractor thereafter shall not be entitled to any compensation whatsoever for the performance of such extra or changed Services. In the event Contractor and City agree that extra and/or changed Services are required, or that additional compensation shall be awarded to Contractor for performance of the Services under this Agreement, a supplemental agreement providing for such compensation shall be prepared and shall be executed by the

Contractor and the necessary City officials before the extra and/or changed Services are provided.

#### Section 16. Compliance with Federal, State and Local Laws.

Contractor shall comply with all applicable federal, state and local laws, statutes, ordinances, rules and regulations affecting the Services, including without limitation laws requiring licensing and prohibiting discrimination in employment because of race, creed, color, sex, age, marital status, physical or mental disability, national origin or other prohibited bases. City shall not be responsible or liable for Contractor's failure to comply with applicable laws, statutes, ordinances, rules or regulations.

#### Section 17. Retention of Records.

Contractor and any subcontractors authorized by the terms of this Agreement shall keep and maintain full and complete documentation and accounting records, employees' time sheets, and correspondence pertaining to the Services, and Contractor shall make such documents available for review and/or audit by City and City's representatives at all reasonable times during performance of the Services and for at least four (4) years after completion of the Services and/or termination of this Agreement.

#### Section 18. Alternative Dispute Resolution

- A. Before resorting to mediation, arbitration or other legal process, the primary contacts of the parties shall meet and confer and attempt to amicably resolve any dispute arising from or relating to this Agreement subject to the following provisions. Any party desiring to meet and confer shall so advise the other party pursuant to a written notice. Within 15 days after provision of that written notice by the party desiring to meet and confer, the primary contacts for each party shall meet in person and attempt to amicably resolve their dispute. Each primary contact, or the person acting in their absence with full authority to resolve the dispute, shall attend the meeting and shall be prepared to devote an entire day thereto. If any dispute remains unresolved at the end of the meeting, any party to this Agreement shall have the right to invoke the mediation process provided for in the subparagraph B below.
- B. Subject to the provisions of subparagraph A, any dispute that remains unresolved after the meet and confer shall immediately be submitted to non-binding neutral mediation, before a mutually acceptable, neutral retired judge or justice at the Sacramento Office of the Judicial Arbitration and Mediation Service ("JAMS"). If within five days after the meet and confer the parties are unable to agree upon the selection of a neutral mediator, then the first available retired judge or justice at the Sacramento office of JAMS shall serve as the neutral mediator. The parties agree to commit to at least one full day to the mediation process. Additionally, to expedite the resolution of any dispute that is not resolved by mediation, the parties agree to each bring to the neutral mediation a list of at least five neutral arbitrators, including their resumes, whose availability for an arbitration hearing within 30 days after the mediation has been confirmed.
- C. If mediation is unsuccessful, before the mediation concludes, the parties shall mediate the

selection of a neutral arbitrator to assist in the resolution of their dispute. If the parties are unable to agree on an arbitrator, the parties agree to submit selection of an arbitrator to the mediator, whose decision shall be binding on the parties. In that case, the mediator shall select a neutral arbitrator from the then active list of retired judges or justices at the Sacramento Office of the JAMS. The arbitration shall be conducted pursuant to the provisions of the California Arbitration Act, sections 1280-1294.2 of the California Code of Civil Procedure. In such case, the provisions of Code of Civil Procedure Section 1283.05 and 1283.1 shall apply and are hereby incorporated into this Agreement.

D. This section 18 shall survive the termination or expiration of this Agreement. If there is no Sacramento office of JAMS, then the office of JAMS closest to the City shall be used instead of a Sacramento office.

#### Section 19. Severability.

The provisions of this Agreement are severable. If any portion of this Agreement is held invalid by an arbitrator or by a court of competent jurisdiction, the remainder of the Agreement shall remain in full force and effect unless amended or modified by the mutual written consent of the parties.

#### Section 20. Entire Agreement; Amendment.

This Agreement, including all exhibits hereto, constitutes the complete and exclusive expression of the understanding and agreement between the parties with respect to the subject matter hereof. All prior written and oral communications, including correspondence, drafts, memoranda, and representations, are superseded in total by this Agreement. This Agreement may be amended or extended from time to time only by written agreement of the parties hereto.

#### Section 21. Time of the Essence.

Time is of the essence in the performance of the Services. The Contractor will perform its Services with due and reasonable diligence consistent with sound professional practices and shall devote such time to the performance of the Services as may be necessary for their timely completion.

#### Section 22. Written Notification.

Except as otherwise specified in this Agreement, any notice, demand, request, consent, approval or communications that either party desires or is required to give to the other party shall be in writing and either served personally or sent by first class mail, postage prepaid and addressed as follows. Either party may change its address by notifying the other party in writing of the change of address. Notice shall be deemed communicated within two business days from the time of mailing if mailed within the State of California as provided in this Section.

#### FOR THE MAY 27, 2020 REGULAR CITY COUNCIL MEETING

From:	Wes Heathcock, City Manager	
Prepared by:	Larry Wing, City Engineer	
Subject:	Construction Management and Inspection Services for Culver Street – Phase 2	
	Pavement Rehabilitation Project	
Budget Impact Overview		

N/A:Funded: √Un-funded:Amount: \$22,580Fund(s): 357	

**RECOMMENDED ACTION:** Adopt Resolution \_\_\_\_\_-2020 authorizing the City Manager to enter into a consultant services agreement with Unico Engineering for construction management and inspection services on the Culver Street Phase 2 Pavement Rehabilitation Project in an amount not to exceed \$22,580.00.

#### Summary/Background

City of Colfax's adopted budget for Fiscal Years 2019-2020 includes \$500,000 for the design and construction of the various pavement rehabilitation project in the community. Culver Street Rehabiliation Project ("The Project") is one of the projects council authorized for construction in the current fiscal year.

On November 13, 2019, the City of Colfax authorized the City Manager to enter into a Consultant Services Agreement with GHD Inc. for final design of the Project. These efforts were completed and on April 8, 2020 the City Council approved the plans and specifications and authorized the Project for competitive bids. The project was publicly bid on April 21, 2020 and bids received on May 19, 2020.

Because the City does not have adequate personnel to complete the construction management services required of the project, the use of a construction management consultant is required. The City's contract City Engineer consultant has these capabilities through their subconsultant Unico Engineering. Unico Engineering provided a scope, schedule, and fee estimate to provide construction inspection and testing services for the Project. Construction management services are generally 10-12% of the construction costs. Staff has reviewed Unico's proposal and fee and finds them acceptable for the construction inspection and testing scope of work and their proposed fee is within the construction management cost range at 12%.

Staff recommends that the City Council authorize the City Manager to execute a consultant services agreement with Unico Engineering for construction management and inspection services for the Culver Street – Phase 2 Pavement Rehabilitation project in the amount of \$22,580.00.

#### **Fiscal Impacts**

The total project is funded with local streets/roads funds; and Road Maintenance in Fund 357. The proposed agreement with Unico Engineering is in an amount no to exceed \$22,580.00.

- C. <u>Automobile Liability Coverage.</u> Automobile liability insurance covering bodily injury and property damage for all activities of the Consultant arising out of or in connection with this Agreement, including coverage for owned, hired and nonowned vehicles, in an amount of not less than \$1 million combined single limit for each occurrence.
- D. <u>Policy Endorsements.</u> Each general liability and automobile liability insurance policy shall be endorsed with the following provisions:
  - 1. The City, and its elected or appointed officials, employees and agents shall be named as insureds or additional insureds with regard to damages and defenses of claims arising from activities performed by or on behalf of the Consultant.
  - 2. The insurance afforded by each policy shall apply separately to each insured who is seeking coverage or against whom a claim is made or a suit is brought, except with respect to the insurer's limits of liability.
  - 3. The insurance shall be primary insurance as respects the City and its elected or appointed officers, officials, employees and agents. Any other insurance maintained by the City or its elected or appointed officers, officials, employees, agents or volunteers shall be in excess of this insurance and shall not contribute with it.
  - 4. The insurance shall not be suspended, voided, cancelled, or reduced in coverage or in limits except after thirty (30) days prior written notice has been provided to the City.
  - 5. Any failure to comply with the reporting requirements of any policy shall not affect coverage provided to the City, its elected or appointed officers, officials, employees, or agents.

- E. <u>Professional Liability Coverage</u>. If required by the City, Consultant shall also take out and maintain professional liability, errors and omissions insurance in an amount not less than \$1 million. The professional liability insurance policy shall be endorsed with a provision stating that it shall not be suspended, voided, cancelled, or reduced in coverage or in limits except after thirty (30) days written notice has been provided to the City.
- F. <u>Insurance Certificates and Endorsements</u>. Prior to commencing the Services under this Agreement, Consultant shall submit to the City documentation evidencing the required insurance signed by the insurance agent and the companies named. This documentation shall be on forms which are acceptable to the City and shall include all required endorsements and verify that coverage is actually in effect. This Agreement shall not be effective until the required insurance forms and endorsements are submitted to and approved by the City. Failure to provide these forms within the time period specified by City may result in the award of this Agreement to another Consultant should the City, in its sole discretion, decide to do so. Current certification of insurance shall be kept on file with the City at all times during the term of this Agreement.
- G. <u>Deductible and Self-Insured Retentions</u>. Any deductibles or self-insured retentions must be declared to and approved by City.
- H. <u>Termination of Insurance</u>. If the City receives notification that Consultant's insurance will be suspended, voided, cancelled or reduced in coverage or in limits, and if the Consultant does not provide for either the reinstatement of that insurance or for the furnishing of alternate insurance containing all of the terms and provisions specified above prior to the termination of that insurance, City may either terminate this Agreement for that breach, or City may secure the required insurance to satisfy the conditions of this Agreement and deduct the cost thereof from compensation which would otherwise be due and payable to the Consultant for Services rendered under the terms of this Agreement.

#### Section 7. Subcontracts.

Consultant may not subcontract any portion of the Services without the written authorization of City. If City consents to a subcontract, Consultant shall be fully responsible to the City and third parties for all acts or omissions of the subcontractor to which the Services or any portion thereof are subcontracted. Nothing in this Agreement shall create any contractual relationship between City and any subcontractor, nor shall it create any obligation on the part of the City to pay or cause the payment of any monies due to any such subcontractor except as otherwise is required by law.

#### Section 8. Assignment.

Consultant shall not assign any right or obligation under this Agreement without the City's prior written consent. Any attempted assignment of any right or obligation under this Agreement without the City's prior written consent shall be void.

#### Section 9. Entire Agreement.

This Agreement represents the entire understanding of City and Consultant as to those matters contained herein. No prior oral or written understanding shall be of any force or effect with respect to those matters covered herein. This Agreement may not be modified or altered except in writing signed by both parties.

#### Section 10. Jurisdiction.

This Agreement shall be administered and interpreted under the laws of the State of California. Jurisdiction over any litigation arising from this Agreement shall be in the Superior Court of the State of California with venue in Placer County, California.

#### Section 11. Suspension of Services.

Upon written request by Consultant, City may suspend, in writing, all or any portion of the Services if unforeseen circumstances beyond the control of the City and Consultant make normal progress of the Services impossible, impractical or infeasible. Upon written City approval to suspend performance of the Services, the time for completion of the Services shall be extended by the number of days performance of the Services is suspended.

#### Section 12. Termination of Services.

City may at any time, at its sole discretion, terminate all or any portion of the Services and this Agreement upon seven (7) days written notice to Consultant. Upon receipt of notice of termination, Consultant shall stop performance of the Services at the stage directed by City. Consultant shall be entitled to payment within thirty (30) days for Services performed up to the date of receipt of the written notice of termination. Consultant shall not be entitled to payment for any Services performed after the receipt of the notice of termination unless such payment is authorized in advance in writing by the City.

Should Consultant fail to perform any of the obligations required of Consultant within the time and in the manner provided for under the terms of this Agreement, or should Consultant violate any of the terms and conditions of this Agreement, City may terminate this Agreement by providing Consultant with seven (7) days written notice of such termination. The Consultant shall be compensated for all Services performed prior to the date of receipt of the notice of termination. However, the City may deduct from the

compensation which may be owed to Consultant the amount of damage sustained or estimated by City resulting from Consultant's breach of this Agreement.

Consultant's obligations pursuant to Sections 5 and 6 of this Agreement shall survive termination, and continue in effect for as long as necessary to fulfill the purposes of Sections 5 and 6.

#### Section 13. Independent Contractor.

Consultant shall in all respects be an independent contractor and not an agent or employee of City. Consultant has and shall retain the right to exercise full control and supervision of the means and methods of performing the Services. Consultant shall receive no premium or enhanced pay for Services normally understood as overtime; nor shall Consultant receive holiday pay, sick leave, administrative leave or pay for any other time not actually expended in the performance of the Services. It is intended by the parties that Consultant shall not be eligible for benefits and shall receive no compensation from the City, except as expressly set forth in this Agreement. Consultant shall submit completed W -9 and Report of Independent Contractor forms upon execution of this Agreement and prior to the payment of any compensation hereunder.

#### Section 14. Ownership of Documents.

Within thirty (30) days after the Consultant substantially completes performance of the Services, or within thirty (30) days after the termination of this Agreement, the Consultant shall deliver to the City all files, records, materials and documents drafted or prepared by Consultant's in the performance of the Services. It is expressly understood and agreed that all such files, records, materials and documents are the property of the City and not the property of the Consultant. All finished and unfinished reports, plans, studies, documents and other writings prepared by and for Consultant, its officers, employees and agents in the course of performing the Services shall become the sole property of the City upon payment to Consultant for the Services, and the City shall have the exclusive right to use such materials in its sole discretion without further compensation to Consultant or to any other party. Consultant shall, at Consultant's expense, provide such reports, plans, studies, documents and writings to City or any party the City may designate, upon written request. Consultant may keep file copies of all documents prepared for City. Use of any such documents by the City for projects that are not the subject of this Agreement or for purposes beyond the scope of the Services shall be at the City's sole risk without legal liability or expense to Consultant.

#### Section 15. Changes and/or Extra Work.

Only the City Council may authorize extra and/or changed Services, modification of the time of completion of the Services, or additional compensation for the tasks to be performed by Consultant. Consultant expressly recognizes that other City personnel are without authorization to order extra and/or changed Services or to obligate the City to the payment of additional compensation. The failure of Consultant to secure the prior written authorization for such extra and/or changed Services shall constitute a waiver of any and all right to adjustment in the contract price due to such unauthorized Services, and Consultant thereafter shall not be entitled to any compensation whatsoever for the performance of such extra or changed Services. In the event Consultant and City agree that extra and/or changed Services are required, or that additional compensation shall be awarded to Consultant for performance of the Services under this Agreement, a supplemental agreement providing for such compensation shall be prepared and shall be executed by the Consultant and the necessary City officials before the extra and/or changed Services are provided.

#### Section 16. Compliance with Federal, State and Local Laws.

Consultant shall comply with all applicable federal, state and local laws, statutes, ordinances, rules and regulations affecting the Services, including without limitation laws requiring licensing and prohibiting discrimination in employment because of race, creed, color, sex, age, marital status, physical or mental disability, national origin or other prohibited bases. City shall not be responsible or liable for Consultant's failure to comply with applicable laws, statutes, ordinances, rules or regulations.

#### Section 17. Retention of Records.

Consultant and any subconsultants authorized by the terms of this Agreement shall keep and maintain full and complete documentation and accounting records, employees' time sheets, and correspondence pertaining to the Services, and Consultant shall make such documents available for review and/or audit by City and City's representatives at all reasonable times during performance of the Services and for at least four (4) years after completion of the Services and/or termination of this Agreement.

#### Section 18. Alternative Dispute Resolution

A. Before resorting to mediation, arbitration or other legal process, the primary contacts of the parties shall meet and confer and attempt to amicably resolve any dispute arising from or relating to this Agreement subject to the following provisions. Any party desiring to meet and confer shall so advise the other party pursuant to a written notice. Within 15 days after provision of that written notice by the party desiring to meet and confer, the primary contacts for each party shall

#### <u>Attachment 2</u>

meet in person and attempt to amicably resolve their dispute. Each primary contact, or the person acting in their absence with full authority to resolve the dispute, shall attend the meeting and shall be prepared to devote an entire day thereto. If any dispute remains unresolved at the end of the meeting, any party to this Agreement shall have the right to invoke the mediation process provided for in the subparagraph B below.

- B. Subject to the provisions of subparagraph A, any dispute that remains unresolved after the meet and confer shall immediately be submitted to non-binding neutral mediation, before a mutually acceptable, neutral retired judge or justice at the Sacramento Office of the Judicial Arbitration and Mediation Service ("JAMS"). If within five days after the meet and confer the parties are unable to agree upon the selection of a neutral mediator, then the first available retired judge or justice at the Sacramento office of JAMS shall serve as the neutral mediator. The parties agree to commit to at least one full day to the mediation process. Additionally, to expedite the resolution of any dispute that is not resolved by mediation, the parties agree to each bring to the neutral mediation a list of at least five neutral arbitrators, including their resumes, whose availability for an arbitration hearing within 30 days after the mediation has been confirmed.
- C. If mediation is unsuccessful, before the mediation concludes, the parties shall mediate the selection of a neutral arbitrator to assist in the resolution of their dispute. If the parties are unable to agree on an arbitrator, the parties agree to submit selection of an arbitrator to the mediator, whose decision shall be binding on the parties. In that case, the mediator shall select a neutral arbitrator from the then active list of retired judges or justices at the Sacramento Office of the JAMS. The arbitration shall be conducted pursuant to the provisions of the California Arbitration Act, sections 1280-1294.2 of the California Code of Civil Procedure. In such case, the provisions of Code of Civil Procedure Section 1283.05 and 1283.1 shall apply and are hereby incorporated into this Agreement.
- D. This section 18 shall survive the termination or expiration of this Agreement. If there is no Sacramento office of JAMS, then the office of JAMS closest to the City shall be used instead of a Sacramento office.

#### Section 19. Severability.

The provisions of this Agreement are severable. If any portion of this Agreement is held invalid by an arbitrator or by a court of competent jurisdiction, the remainder of the Agreement shall remain in full force and effect unless amended or modified by the mutual written consent of the parties.

#### Section 20. Entire Agreement; Amendment.

This Agreement, including all exhibits hereto, constitutes the complete and exclusive expression of the understanding and agreement between the parties with respect to the subject matter hereof. All prior written and oral communications, including correspondence, drafts, memoranda, and representations, are superseded in total by this Agreement. This Agreement may be amended or extended from time to time only by written agreement of the parties hereto.

#### Section 21. Time of the Essence.

Time is of the essence in the performance of the Services. The Consultant will perform its Services with due and reasonable diligence consistent with sound professional practices and shall devote such time to the performance of the Services as may be necessary for their timely completion.

#### Section 22. Written Notification.

Except as otherwise specified in this Agreement, any notice, demand, request, consent, approval or communications that either party desires or is required to give to the other party shall be in writing and either served personally or sent by first class mail, postage prepaid and addressed as follows. Either party may change its address by notifying the other party in writing of the change of address. Notice shall be deemed communicated within two business days from the time of mailing if mailed within the State of California as provided in this Section.

#### FOR THE MAY 27, 2020 REGULAR CITY COUNCIL MEETING

N/A: √	Funded:	Un-funded:	Amount:	Fund(s):			
Budget Impact	Overview:						
Subject:	ŀ	Kneeland Street Rehabilitation Project – Design Acceptance					
Prepared by: Larry Wing, City Engineer							
From:	V	Wes Heathcock, City Manager					

**RECOMMENDED ACTION:** Discuss and consider adopting Resolution \_\_\_\_2020 accepting the project design and authorizing the City Manager to solicit bids for the construction of the Kneeland Street Rehabilitation Project.

#### Summary/Background

On May 10, 2017 the City Council adopted Resolution 17-2017 authorizing the City Manager to approve a proposal by Coastland Engineering for deveelping the City's first Pavement Management Plan (PMP). The PMP systematically evaluates the current pavement conditions as well as projected future pavement conditions to assist in prioritizing paving projects for all the City's maintained streets.

In the PMP, Kneeland Street between Grass Valley Street and Depot Street has been assigned a Pavement Condition Index (PCI) of 20. A newly constructed street would have a PCI of 100. The City's goal is to have an overall PCI of 52 or higher. Kneeland Street's PCI of 20 indicates that the road is failing and needs to be reconstructed. The current pavement is 1-inch to 1.5-inches of asphalt/asphalt patch on top of native soil.

A portion of the Shadow Wood Subdivision fronts onto Kneeland Street. As a condition of development the developer for Shadow Wood is required to install full frontage improvements along Kneeland Street adjacent to the Shadow Wood Subdivision. The approximate length of the frontage improvements required of the develoer is 225-feet and consists of curb, gutter, sidewalk, drainage improvements, and paving of one-half of Kneeland Street.

Because of the impending construction from the Shadow Wood developer of a significant portion of Kneeland Street, and since the current PCI is only 20, staff is recommending that the remainder of Keeland Street be constructed at this time.

#### **Fiscal Impacts**

The total project is funded with local streets/roads funds; and Road Maintenance.
