CITY OF COLFAX

ORDINANCE № 529

AN ORDINANCE OF THE CITY OF COLFAX AMENDING COLFAX MUNICIPAL CODE CHAPTER 17.162 COVERING CULTIVATION, DISPENSARIES, USE, DELIVERY, AND REVENUE REQUIREMENTS OF MEDICAL MARIJUANA IN THE CITY OF COLFAX

17.162.010 - Legislative Findings.

The City Council finds as follows:

1. In 1996, the voters of the State of California approved Proposition 215 which was codified as California Health and Safety Code Section 11362.5, and entitled "The Compassionate Use Act of 1996" ("the Compassionate Use Act" or "CUA").
2. The intent of the Compassionate Use Act was to enable persons who are in need of marijuana for medical purposes to obtain and use it under limited, specific circumstances, without being subject to criminal prosecution under certain state statutes.
3. On January 1, 2004, Senate Bill 420, codified as California Health and Safety Code Sections 11362.7 et seq. and entitled "The Medical Marijuana Program," ("MMP") became effective to clarify the scope of the Compassionate Use Act.
4. California Health and Safety Code Section 11362.83 expressly allows cities and counties to adopt and enforce ordinances that are consistent with Senate Bill 420.
5. The City of Colfax has adopted a zoning plan identified as Title 17 (Zoning) of the City of Colfax Municipal Code.
6. Prior to the enactment of this section, there is a regulation prohibiting dispensaries of medical marijuana in the City.
7. The City of Colfax, with a population of approximately 2,000, is a small town with a high percentage of smaller parcels containing residential units.
8. The creation of persistent strong odors as marijuana plants mature and flower is offensive to many people and creates a public nuisance, alerting persons to the location of valuable marijuana plants and creating an increased risk of crime.
9. The indoor cultivation of substantial amounts of marijuana also frequently requires excessive use of electricity, which often creates a risk of fire from the electrical grow lighting systems used in indoor cultivation.
10. Children are particularly vulnerable to the effects of marijuana use, and the presence of marijuana plants can be an attractive nuisance for children, creating an unreasonable hazard in areas frequented by children including schools, libraries, parks, and other similar locations.

11. The City Council finds and determines that the enactment of this section is exempt from environmental review pursuant to California Environmental Quality Act Guidelines Section 15061(b)(3) in that there is nothing in this section or its implementation that could have a foreseeable significant effect on the environment.

17.162.020 - Intent.

1. The City Council of the City of Colfax, pursuant to Chapter 17.162 of the Colfax Municipal Code, hereby intends to regulate the cultivation of marijuana for medical purposes, including, but not limited to, regulations as to location of the cultivation, size of the area used for cultivation, and the use of fencing or other screening and security structures, to accommodate the needs of qualified patients and their caregivers, and in furtherance of the public necessity, convenience and general welfare. Nothing in this section shall be construed to authorize any use, possession, cultivation, or distribution of marijuana for nonmedical purposes.

A duly designated Placer County Sheriff or Community Development Department representative may enter and shall be allowed to inspect the premises of every Marijuana Dispensary as well as the financial and membership records of the Collective required by this Chapter between the hours of eight o'clock (8:00) A.M. and six o'clock (6:00) P.M., or at any appropriate time to ensure compliance and enforcement of the provisions of this Chapter, except that the inspection and copying of the private medical records of a Marijuana Dispensary shall be made available to the Placer County Sheriff only pursuant to a properly executed search warrant or inspection warrant by a court of competent jurisdiction, or a court order for the inspection of such records.

STAFF REPORT TO THE COLFAX CITY COUNCIL

FOR THE MAY 25, 2016 COUNCIL MEETING

FROM: Mark Miller, City Manager

PREPARED BY: Amy Feagans, Planning Director

DATE: May 17, 2016

SUBJECT: General Plan/Zoning Map Clean Up and Consistency Study – Process Outline

<input checked="" type="checkbox"/> X	N/A	<input type="checkbox"/>	FUNDED	<input type="checkbox"/>	UN-FUNDED	AMOUNT:	FROM FUND:
---------------------------------------	-----	--------------------------	--------	--------------------------	-----------	---------	------------

RECOMMENDED ACTION: Discuss and provide direction to staff. No formal action required.

PROJECT SUMMARY:

The General Plan is the guiding document for future development in the City. As such, it is general in nature and designates (through the Land Use Map) the anticipated land uses and development patterns for Colfax. The zoning ordinance and zoning map implement the General Plan and provide the regulatory language for land use and development.

The purpose of this upcoming project is to amend the General Plan and/or Zoning designations on those properties that have conflicting land use designations to ensure that the General Plan and Zoning accurately reflect the intended land use of the property. Any proposed changes will not affect the allowable existing uses on a given property in any manner.

Staff has identified a number of parcels where the current zoning is not consistent with the Land Use Map. Not only is this not in compliance with State Law, but it also makes it more challenging to determine appropriate land uses and future development potential. Therefore, staff is proposing a clean-up of the zoning map and General Plan to more accurately reflect the land use map of the General Plan.

PROJECT ANALYSIS:

As noted above, by State Law, a City’s zoning ordinance and map must be consistent with its General Plan.

The City of Colfax General Plan 2020 identifies seven separate land use categories and the City’s zoning ordinance has fourteen different zoning districts. (See Attachment 1)

The zoning consistency study can be divided into three groups:

Parcels with zoning that is not consistent with the General Plan. Therefore the entire parcel should be rezoned, or where the zoning, while consistent with the General Plan, is not the preferred zoning.

Example: The General Plan designates the parcel as Commercial but it is currently zoned Industrial. These two land uses are not consistent. The recommendation would be to rezone the parcel Highway Commercial (CH) consistent with the General Plan Land Use designation

- Parcels that have two different zonings both of which are consistent with the General Plan.

Example: The General Plan designation for the parcel is Medium High Density (MHD) Residential but the zoning for the property is split – one area of the parcel is zoned Residential 20,000 square feet (R-1-20) and the other is zoned Residential 10,000 square feet (R-1-10). Both are consistent with the MHD General Plan designation. The recommendation would be to rezone the parcel to R-1-10.

- Parcels with two different zonings, of which one (or both) is not consistent with the General Plan.

Example: The General Plan designation is Industrial but some of the parcel is zoned CH and rest of the parcel is zoned to Residential 20,000 (R-1-20). The recommendation would be to rezone the parcel to Industrial (I).

The first two categories will be easier to clean up given that the zoning is consistent with the General Plan but still needs to be revised because either the one parcel contains two different zoning designations, or the current zoning of the parcel is no longer the preferred zoning.

The third group will require more analysis and environmental work given these parcels are not consistent with the General Plan Land Use Map. For these parcels, staff will be preparing recommendations that may include the need to rezone or prepare a general plan amendment or some combination of both.

PROJECT PROCESS

Approximately twenty parcels have been identified as needing to be revised, rezoned, or re-designated in some manner. Because land use and land development does involve the future use of property and property rights, it is critical to be sensitive to and respect the property owners involved with these proposed land use changes. Prior to any formal public hearings or recommended action by the Planning Commission/City Council, staff recommends the City be proactive in providing early notice to the affected property owners of the proposed changes. Every effort should be made to give the property owners an opportunity to review the proposal and provide comment back to staff as part of the Consistency Study.

STAFF RECOMMENDATION:

No formal action is required at this time. Staff is looking for direction and recommendations on the proposed course of action. If the Council supports the process, staff will begin the identifying the affected parcels and developing an outreach program for the affected property owners.

Celia McAdam, PCTPA Executive Director

Ms. McAdam introduced the proposed tax measure. She explained statewide funding sources have been diminishing while the needs for transportation funding have increased. Revenues from this tax measure would be used only for transportation projects in the County. The process for placing the tax measure on the ballot includes approval of the Expenditure Plan by local jurisdictions and the Placer County Board of Supervisors. The Expenditure Plan outlines how the funds will be distributed throughout the County and how the public can be assured the funds are used appropriately. A quarter of a million dollars will be allocated to Colfax annually for road maintenance and upgrades and an oversight committee of community members will be appointed.

Each Councilmember expressed support of the measure.

Michael Babich, member of the audience from Auburn, supports the tax measure.

Michael Garibidian from the Sierra Club supports the concept of the measure but would like to see more funds allocated to public transportation.

On a motion by Councilmember Hesch, seconded by Councilmember Stockwin, the City Council approved Resolution 15-2016 approving the Expenditure Plan for revenues obtained through a proposed tax measure to be placed on the November 8, 2016 Ballot by the Placer County Transportation Planning Agency acting as the Local Transportation Authority .

AYES: Douglass, Harvey, Hesch, Parnham, Stockwin

2B. Presentation from Placer County Community Outreach; Medical Marijuana Regulation

Bekki Riggan, Placer County Deputy CEO and Josh Huntsinger, Placer County Agriculture Commissioner/Sealer of Weights and Measures

Ms. Riggan stated Placer County staff has been tasked with public outreach to discuss components of a potential County medical marijuana ordinance and to report findings to the Board of Supervisors. County staff has presented to all of the Municipal Advisory Committees, including the Weimar-Applegate-Colfax Municipal Advisory Committee, and received support for allowing and regulating cultivation, dispensaries, and taxation of medical marijuana.

Mr. Huntsinger gave a brief synopsis of the types of regulations the county could consider. Council asked several questions of the guests regarding the legal aspects of regulation.

Supervising Deputy District Attorney Doug Van Breemen, opposes the County's plan for allowing and regulating medical marijuana.

Ms. Riggan assured the public the County has no formal plan and is still gathering information.

Basil McMahon of a County Growers Association supports the County's concepts.

Rich Miller, who works in a Sacramento dispensary, thanked Council for allowing the county representatives to speak regarding regulating medical marijuana.

Council took a ten minute break at 8:16PM and returned at 8:29PM.

2C. Budget Workshop

City Manager, Mark Miller and Finance Director Laurie Van Groningen CEO

City Manager Miller stated this preliminary draft of the two year budget cycle is based on expected revenue increases yet strives to keep expenditures under control. He thanked Finance Director Laurie Van Groningen for a thorough analysis.

Mayor Pro Tem Harvey asked staff to look into transferring the oil recycling station to a private company and to consider hiring a grant writer to increase funding sources for capital projects.

Councilmember Hesch asked staff to provide a Capital Projects list for Council to set priorities for future projects.

Mayor Parnham and Mayor Pro Tem Harvey cautioned the Wastewater Treatment Plant (WWTP) is at a critical 10 year point where many parts may need to be replaced. Issues can develop with the Wastewater Treatment Plant very quickly, so funds must be in place to cover unexpected expenses.

Councilmember Hesch requested an organizational chart with proposed details of which new positions will be filled over the next few years. He requested details of plans to purchase vehicles and a camera. He also suggested selling off unused equipment and leasing an unused room in the depot – both strategies will increase revenues to offset expenses.

Mayor Pro Tem Harvey suggested the City fleet should be put back on a maintenance plan with a 5 year replacement built-in.

Mayor Parnham would like to see staffing increase to operate the new equipment which is proposed in the budget.

STAFF REPORT TO THE COLFAX CITY COUNCIL

FOR THE MAY 25, 2016 COUNCIL MEETING

FROM: Mark Miller, City Manager
PREPARED BY: Staff
DATE: May 17, 2016
SUBJECT: Caltrans Safety Analysis Grant Application Opportunity

<input checked="" type="checkbox"/>	N/A	<input type="checkbox"/>	FUNDED	<input type="checkbox"/>	UN-FUNDED	AMOUNT: <\$1,500	FROM FUND: 253
-------------------------------------	-----	--------------------------	--------	--------------------------	-----------	------------------	----------------

RECOMMENDED ACTION: Receive for information and comment as appropriate.

PROPOSAL SUMMARY:

The City of Colfax has an opportunity to apply for a State grant to fund a systemic safety analysis that will both help improve the traffic safety in Colfax and assist in procuring future funding for transportation construction projects. The deadline for application is very short – this Friday, May 27, and staff is fully engaged with current projects as well as completion of the City budget. The cost of preparing that application is minimal, less than \$1,500 and within the manager signature authority. The grant program being applied for is further described below.

Systemic Safety Analysis Report Program (SSARP)

Caltrans recently announced SSARP Phase 2 funding for the new Systemic Safety Analysis Report Program (SSARP). Placer County Transportation Planning Agency has recommended the program as being valuable for current Colfax roadway safety analysis as well as for future construction project funding opportunities. The application due date is Friday, May 27, 2016.

\$10 million from the Highway Safety Improvement Program (HSIP) was set aside and exchanged for state funds to implement this new safety analysis program, the Systemic Safety Analysis Report Program. The intent of the SSARP is to assist local agencies in performing collision analysis, identifying safety issues on their roadway network, and developing a list of systemic low-cost countermeasures that can be used to prepare future HSIP and other safety program applications.

A local match of ten (10) percent of the total project cost is required for SSARP projects if awarded, though since the program is State and not Federally managed and Caltrans is encouraging the work, the grant requirements are not onerous. The return on investment would be very high as the data obtained from completion of the study can assist in making future construction funding applications much more competitive.

STAFF RECOMMENDATION:

No formal action is required at this time. Staff will proceed with the application unless Council directs otherwise.

RECOMMENDED ACTION: Introduce the proposed Ordinance by title only, conduct a public hearing and thereafter by motion waive the first reading and continue for second reading and adoption at the June 8th regularly scheduled council meeting to be effective 30 days thereafter.

SUMMARY:

Colfax Municipal Code (the “Code”) Title 13, Chapter 13.08, Article VI authorizes the City to collect delinquent sewer charges on the secured tax roll at the same time as general property taxes. The Code requires the City Council to adopt an ordinance by a two-thirds vote in order to collect the delinquent charges on the tax roll.

In addition to the customary process of transferring delinquent charges to the tax rolls, staff is recommending Council simplify the process for future years by updating the Code to state “a resolution or an ordinance passed with a 2/3 vote in order to collect the delinquent charges on the tax roll. Allowing the option of passing a resolution eliminates the need for a second meeting and a Council hearing. Staff would hold a public hearing during regular office hours and notify each property owner by letter of the public hearing process. Written reports will continue to be filed with the City Clerk as described below.

There are approximately 71 delinquent sewer service charge accounts that remain unpaid. A written report containing a description of each parcel of real property for which there is a delinquent sewer service charge and the amount of each charge has been filed with the City Clerk and is attached. All charges reflected in the written report have been computed in conformity with Title 13, Chapter 13.08, Article III of the Code.

A public hearing is required before the proposed ordinance can be adopted. Notice of the Public Hearing regarding the delinquent accounts was published in the Colfax Record once each week for two successive weeks prior to the hearing. A copy of the delinquent accounts report is on file at City Hall. All property owners with a delinquent balance were notified in writing of the public hearing process.

The purpose of the hearing is to allow the Council to hear objections and protests to the report. At the conclusion of the hearing, the Council may adopt, revise, change, reduce or modify any sewer service charge in

the report, sustain or overrule any objections to the report and adopt or decline to adopt the report as modified. If the report is adopted with or without modification, the City Clerk will file it with the County Auditor-Controller and the charges reflected in the final report will be collected at the same time as ad valorem property taxes.

FISCAL IMPACT:

As indicated on the attached report, there is currently \$57,345.98 in delinquent Sewer charges due to the City.

BACKGROUND AND ANALYSIS:

Placer County requires a resolution containing specific provisions to be adopted in order to collect the delinquent charges on the tax roll. The Colfax Code currently requires an ordinance. The 2nd reading and acceptance of the Ordinance is scheduled to be presented at the June 8th regularly scheduled meeting, along with the Resolution requesting collection of City sewer charges on the Placer County tax roll for the tax year 2016-2017.

In addition, a Resolution will be brought forward at the June 8th regularly scheduled meeting to confirm a delinquent waste collection report provided by Recology Auburn Placer and to place liens on said properties and special assessments upon property taxes pursuant to City of Colfax Municipal Code Section 8.20.130. Similar to the Sewer process, property owners were duly notified and a lien hearing was held at City Hall.

CONCLUSION:

This process is cumbersome but currently required to properly collect delinquent sewer service charges on the tax roll. In the future, assuming the new ordinance is passed the process will be streamlined and require far less staff time and financial expenditure.
