# Proposed Budget for Fiscal Years 2018-2019 and 2019-2020 <u>Management Budget Memo</u>

May 23, 2018

Honorable Mayor and Members of the Colfax City Council

City staff is pleased to present the Fiscal Year 2018-2019 and Fiscal Year 2019-2020 Annual Operating Budgets for the City of Colfax. The Annual Budget provides the framework for the delivery of public services to the City. This budget document presents staff's recommendation of a spending plan consistent with projected funding availability, public and City Council goals, efficient and effective service delivery to the community, existing contractual agreements and legal requirements. The proposed budget is balanced, with expenditure amounts in the General Fund and Enterprise Funds within projected revenues and available non-restricted funds, while providing for contributions toward prudent fund balance reserves.

#### **Budget Highlights and Assumptions**

#### <u>Staffing</u>

The City directly allocates costs to the funds and departments that directly benefit from those costs. For payroll and employee benefit expenses, a percentage allocation is utilized during the payroll process. The percentage allocation is developed from a review of each staff position and its related functions during the budget review and preparation process. The cost of payroll related expense and employee benefits costs are allocated using the same percentage allocation.

In accordance with our Union Agreement, a Cost of Living Adjustment (COLA) has been budgeted effective July 1, 2018 and July 1, 2019. The

COLA is based on Consumer Price Index for Urban Wage Earners and Clerical Workers. For budgeting purposes, the Union Agreement COLA maximum of 4% has been used for estimating labor costs. In addition, a provision has been estimated for up to 5% in merit increases at employee anniversary dates. These increases are projected for both represented and non-represented employees.

Payroll related expenses and employee benefit costs include: employer payroll taxes, workers compensation insurance, employer portion of CalPERS retirement benefits, health and dental insurance through a Section 125 Cafeteria plan, Flexible Spending Account (FSA) plan and life insurance for employees. The City also provides a Section 457 deferred compensation plan – employee contributions only (no City cost).

Staffing levels for the forecasted two years are consistent with current approved staffing levels. We are continuing with employee training/development and succession planning with the Operator in Training program. In addition, we have recommended a promotion opportunity in the plan for the fiscal year 2019-2020 for a Maintenance Worker II position.

Due to fluctuating needs of some administrative functions, the City elects to contract services with outside agencies and service providers. The functions that are currently contracted are: City Attorney, Engineering Services, City Planner, Building Inspector, and Finance Director. Due to increased building and development activity an increase in Planning and Inspections services has been anticipated during this two year budget period. In addition to these ongoing functions an expense provision has been added for Human Resource consulting, Labor law assistance and a Contract Negotiator on an as needed basis.

#### **General Funds**

General Fund revenue estimates are primarily based on prior year experience and estimates provided by the State and County. Sales Tax and Property Taxes are the largest revenue sources in the General Fund and together account for approximately 77% of total unrestricted revenues. We are estimating 5% growth in each of these categories based on recent sales tax history and increases in property assessment values provided by Placer County. The current development project for a new hotel on South Auburn Street will bring additional Transient Occupancy Tax to the City and we have conservatively estimated an increase in this category for the second year (Fiscal year 2019-2020).

Approximately one –third of general fund expenditures is for public safety services and specifically for the City contract with Placer County for Sheriff services. The budget projection reflects a 4.33% increase in costs but also adds back 193 hours of previously reduced services. Labor costs (increases discussed in staffing section of this memo) are the next highest expenditure category. Overall, general fund expenditures are expected to decrease from previous year due to the payoff of debt associated with the purchase on Winner Chevrolet property (scheduled to be paid off in first quarter of FY2018-2019). In addition, fiscal year 2017-2018 included legal expenses which are not anticipated going forward.

The scrutiny of City General Funds has been exhaustive over the past several years. These ongoing efforts have resulted in:

- 1. Elimination of negative fund balances (FY2013-2014)
- 2. Achievement of a Council mandated General Operating Reserve of 25% of annual budget (FY2014-2015), current balance equals \$450,000.

- 3. Establishment of Pension Liability Reserve FY2015-2016, current balance equals \$45,000.
- 4. Establishment of capital project reserve \$50K per year beginning in FY2016-2017, current balance equals \$100,000.

The projected forecast for General Funds includes \$326,000 in fiscal year 2018-2019 and \$444,000 in fiscal year 2019-2020 for funding capital projects (refer to capital project listing), funding General Fund capital reserves, and the City's annual contribution to Streets and Roads operating expenses.

#### Special Revenue Funds

Special revenue funds include:

- Mitigation Fees Conservative estimates for mitigation fee revenues have been forecasted for the South Auburn Street Hotel development and the Sierra Oaks Estates/Village Oaks apartments based on developer forecasts. Expenditure of funds will not be planned until revenues are more concrete. Analysis will be updated at mid-year and fiscal year budget reviews.
- Support for Law Enforcement The proposed budget includes an estimate of \$100,000 per year from the COPS grant. The balance of costs for the Sheriff contract is budgeted in the General Fund.
- CDBG (Community Development Block Grants) funds are Program Income funding from previous CDBG programs and are restricted to State approved projects with very restrictive guidelines. We anticipate approval to utilize the majority of these funds on a road project on Culver street in FY2018-2019.
- 4. Transportation/Streets & Roads The City receives funding for transportation funds processed through Placer County

Transportation Planning Agency (PCTPA). Funds received via the Transportation Development Act Tax (TDA) are first allocated to Transit costs and then available for Street and Road operations and maintenance. Expenses for transportation and maintenance exceed the transportation funding therefore, fund is supplemented from unrestricted General Funds.

- Gas Tax funds These funds are used to maintain the City's street lights – with residual funding being allocated to Streets and Roads operating expenses. Revenues are projected to remain consistent with current fiscal year in the proposed budget.
- 6. Fire Capital Funds These funds have been designated for the replacement of fire equipment. This fund was utilized for the purchase of the new Rescue vehicle in FY2017-2018. Projected revenues are difficult to estimate, but reflect income from use of City equipment and personnel outside our jurisdiction.

#### **Capital Projects**

The proposed capital project list includes both City and grant/developer funded projects. Funding sources for each project are identified. The largest project is the Roundabout on South Auburn street at the I80 on/off ramps. This project is nearly 100% funded from outside sources and is anticipated to be completed in fiscal year 2018-2019.

City staff is currently working on the application process for grant funding for some of the Sewer Enterprise projects. As mitigation and sewer connection fees are finalized/received for current development projects, opportunities to fund capital projects will be reviewed.

#### Sewer Enterprise Fund

The City has recently hired Rural Community Assistance Corporation (RCAC) to conduct a formal Wastewater Rate Study. The recommendations from the Study included:

- Recommended rate adjustment of 2.45% annually for five years
- Maintain established operating reserves
- Maintain established (and required by loan agreement) debt service reserve
- Continue to annually fund short lived asset reserve (required by USDA grant associated with loan agreement)
- Formalize establishment of capital replacement reserve and fund annually – target for annual contribution set at \$100,000. Funding the reserve in this amount will be dependent on estimated growth in City Sewer connections. It is not anticipated that the City can meet this goal in the first 1-3 years – but that it will be recovered in subsequent years. Non-operational revenues (such as interest and penalties) were not included in the study and may be available for offsetting the reserve funding shortfall.

The budget reflects the recommendations and results presented in the Rate Study. City staff is continuing to find grant funding and reduce Sewer Enterprise expenses. We formally requested a loan amendment review with the State Water Board and have been providing additional information. Additionally, staff is working with RCAC to apply for Prop1B grant funding to complete some immediate capital projects.

The budget will maintain the reserve balances that have already been established:

- Established Council mandated operating reserve 17% of Total Operations. Current balance in reserve is \$325,000.
- Established Reserve accounts required by State Water
   Board Loan agreement and USDA Grant fund
- Loan payment reserve One year loan payment.
   Current balance \$438,974
- Short term Asset reserve \$37,500 per year. Current balance \$130,065.

#### **Fiscal Challenges and Opportunities**

Cal PERS Retirement expenses are expected to continue increasing over the next five years. The City is currently reviewing the fiscal impact of paying down our unfunded liability balance versus amortizing over future years to reduce interest costs.

The influx of SB1 funding is increasing construction projects across the State. As a result, contractor availability may be limited and cost of projects may increase with reduced competition.

Wage increases are driven by the Memorandum of Understanding (MOU) with Stationary Engineers and include an annual Cost of Living increase of 2-4% each July. The contract will be up for renewal June 30, 2020.

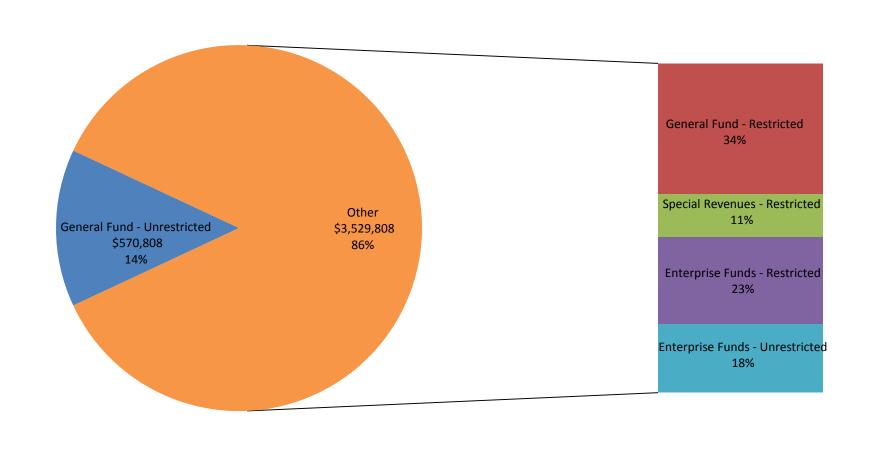

The increase in Development projects will bring an increase in economic vitality to the City and increases in sales tax and transient occupancy tax revenues. Additionally, Mitigation Fees from Development projects will provide much needed funding for City Infrastructure projects.

#### Conclusion

As in previous years, we are challenged with minimal resources to provide solid local government services. City Council and staff must continue to focus on finding and securing new or improved sources of revenue and be good stewards of taxpayers' monies. We believe this budget will allow the City to accomplish goals set by Council.

Wes Heathcock City Manager

#### CITY OF COLFAX

#### Fund Descriptions - General Funds

The General Fund receives all unrestricted money, which pays for departmental spending on the day-to-day operating costs for traditional City services. Major funding sources include property taxes, sales taxes, transient occupancy taxes, franchise fees, business license fees, building permits, and vehicle license fees. Most of the individual revenue sources are sensitive to changes in the economy, and most are not directly under the City's control.

Fund	Dept	Fund Name	Fund Description	Budget Notes/Assumptions
100				
	100		Central Service Department provides support for city-wide services consumed by all City departments. Services include copy machine costs, office supplies, animal control contracts. The department also includes an allocation for City wide audit services.	
	110	,	The City Council serves as the Board of Directors for the municipal organization providing policy direction and guidance to staff. The City Council consists of five members, elected atlarge on a non-partisan basis. Members serve for four years, with overlapping terms. The City Council enacts city ordinances, establishes policies, hears appeals, adopts annual budget, sets salaries, represents the public, and maintains intergovernmental relations. The Mayor presides over the City Council meeting. Regular meetings of the Council are held on the second and fourth Wednesdays of every month. Council members also serve on regional and local boards, and on Council ad-hoc committees.	Council member stipends are projected at current rates of \$100 per month for members and \$150 per month for the mayor. The City Treasurer also receives a monthly stipend of \$100.
	120	Finance	The Administration and Finance Department implements the legislative actions of the City Council, provides for the City's administrative, fiscal, personnel, property management, public information, record keeping functions, maintaining the financial integrity, and managing the day-to-day financial operations of the City. In addition, staff manages labor relations and staff support, inter-governmental relations, business license administration, and insurance administration.	City staff and consultants are allocated to Fund/Departments based on annual estimates of tasks to be performed.
	160	City Attorney	The City Attorney prepares contracts, agreements, leases, and other legal documents, ordinances, and resolutions. The City Attorney advises the City Council and staff on legal matters, represents and defends the City in litigation and supervises outside Counsel activities in special areas.	City contracts with an outside attorney. Budget estimates of general fund legal expenses based on previous years' actual costs.
	200	·	The Fire Department's primary function and responsibility is to reduce the risk of life and property loss resulting from fire and hazardous materials incidents, and provide emergency medical assistance to the residents of Colfax. Fire protection services are provided primarily through the use of volunteers. Currently, management is provided by contract with Placer County using Cal Fire. Volunteer services are coordinated through the Cal Fire Fire Chief.	Budget estimates based on contract with Cal Fire - and projected expenses provided by Fire Chief.
	300	Sheriff	The Sheriff department is responsible for the enforcement of State laws and municipal ordinances, the prevention of crime, traffic, investigations, and apprehension of suspected criminals. The City contracts with Placer County for Sheriff services.	Budget estimates based on contract with Placer County. City also pays for booking fees.
	400		The Building Department administers and enforces the California Building Codes, other pertinent State and Federal Laws, and City ordinances regulating construction activities. The Department issues permits, collects fees, reviews construction plans for compliance, inspects construction projects, and provides information about the development.	City staff and consultants are allocated to Fund/Departments based on annual estimates of tasks to be performed.
	425	, ,	The Engineering Department is responsible for all engineering related functions of the City. The city engineer reviews development and construction plans for impact to road circulation, water drainage, and other City impacts. Additionally, the City Engineer is also responsible for the City's capital improvement program.	The City contracts with an outside Engineering firm on an hourly basis. Budget estimates of general fund engineering expenses based on previous years actual costs.

#### CITY OF COLFAX

#### Fund Descriptions - General Funds

The General Fund receives all unrestricted money, which pays for departmental spending on the day-to-day operating costs for traditional City services. Major funding sources include property taxes, sales taxes, transient occupancy taxes, franchise fees, business license fees, building permits, and vehicle license fees. Most of the individual revenue sources are sensitive to changes in the economy, and most are not directly under the City's control.

Fund Dep	t Fund Name	Fund Description	Budget Notes/Assumptions
450	Planning	The Planning Department oversees development and maintenance of the City General Plan, related community plans, design standards, zoning regulations and other development and design programs. It administers all City environmental review processes for public and private projects. Planning also coordinates projects through and administers all programs related to the Planning Commission. Planning also helps the City Manager develop and manage economic development programs.	
50	City Buildings	The Building and Grounds Department is responsible for the maintenance of all City-owned buildings and adjacent grounds areas. Included are City Hall, Fire Stations, Depot and the Corporation Yard.	City staff and consultants are allocated to Fund/Departments based on annual estimates of tasks to be performed.
530	Parks and Rec	The Park and Recreation Department is responsible for maintaining the City's park and recreation gathering areas, and for the maintenance and upkeep of the landscaped areas surrounding City facilities.	City staff and consultants are allocated to Fund/Departments based on annual estimates of tasks to be performed.
57	2% AB939	State Assembly Bill 939 requires the reduction of Solid waste going into landfills through "diversion" - diverting garbage away from landfills and into recycling programs.	This surcharge is no longer collected.
57	27% Landfill	The City of Colfax adopted Resolution 20-92 on March 10, 1992 implementing a surcharge on all refuse disposal fees for costs of closure of the Colfax Landfill.	City is required to maintain a fund balance to cover postclosure period (30 years initially)

#### CITY OF COLFAX

#### Fund Descriptions - Special Revenue Funds

Special Revenue Funds are used to account for revenues derived from specific taxes or other earmarked revenue sources. They are usually required by statute, or local ordinance to finance particular governmental functions or activities.

Fund	Fund Name	Fund Description	Budget Notes/Assumptions
210-17	Mitigation Funds		No planned activity. If funding for Pool demolition/reconstruction is not received, funds may be transferred to cover costs expended to date for demolition.
218	Support Law Enforcement	Support Law Enforcement and COPS (Citizen Option for Public Safety): State of California appropriated special revenue funds to enhance law enforcement efforts in communities throughout the state. The funds are used primarily to enhance communications and records management, to improve information available to officers in patrol and other police services. The City has a contract with Placer County for police protection.	Budget assumes that the City will continue to receive annual COPS grant in the amount of \$100K. Funding is not constitutionally protected and is subject to reappropriation each year and may be eliminated at the discretion of the State Legislature, or by a veto of the Governor.
241	CDBG - Program Income	CDBG Program Income carried forward from previous years. Funds are restricted within CDBG guidelines.	Program Income less than \$25K per year can be "defederalized" and transferred to City General Funds.
250	Transportation /Streets & Roads	California Transportation Commission allocates funds for transit and transportation needs. Funds flow to the City as Local Transportation Funds (LTF) and State Transit Assistance (STA) through Placer County Transportation Planning Agency. STA funds can only be used for transit services. LTF funds must first be used on transit services, additional funds can be used for other transportation needs and streets/roads projects.	Funding levels based on Adopted apportionment approved by PCTPA.
253	Gas Taxes	The State currently imposes a 14 cent tax per gallon of gasoline, and allocates part of it to cities and counties on the basis of population and statutory formulas. These funds are restricted to use of street maintenance, traffic safety, and construction.	Expenses in fund include cost of street and traffic lights - residual of funds are transferred to Fund 250. Revenues projected at 5% increase.
270	Beverage Recycling	The Department of Resources Recycling and Recovery (CalRecycle) funds beverage container recycling and litter abatement projects. Expenses can be for education, recycling containers, etc.	City expects to expend all available funds FY 2016-2017. Program guidelines have changed.
280	Used Oil Grant	The Department of Resources Recycling and Recovery (CalRecycle) funds oil recycling projects. Expenses include all costs associated with City oil recycling center.	City expects to expend all available funds FY 2016-2017.
292	Fire Capital Fund	The City on occasion "rents" equipment and volunteers to help with out of county fires (strike team coverage). Net revenues of this fund is designated for capital costs associated with the Fire Department.	Balance in fund is reserved for replacement of current equipment and facility improvements.
342	Fire Construction	The City collects .5 percent on the value of new construction. Net revenues of this fund is designated for capital costs associated with the Fire Department.	Balance in fund is reserved for replacement of current equipment and facility improvements.
343	Recreation Construction	The City collects .5 percent on the value of new construction. Net revenues of this fund is designated for capital costs associated with City Recreation construction.	Balance in fund is reserved for replacement of current equipment and facility improvements.

#### CITY OF COLFAX

#### **Fund Descriptions - Enterprise Funds**

Enterprise Funds are used to account for the operations of self-supporting governmental activities that render services or goods to the public. The accounting records are maintained on an accrual basis. The intent of the City is that the costs (expenses and depreciation) of providing goods and services to the general public on a continuing basis be financed and recovered primarily through user charges.

Fund	Fund Name	Fund Description	Budget Notes/Assumptions
560	Sewer WWTP Maintenance & Operations	This fund is for Sewer/Wastewater Treatment Plant maintenance and operations.	
561	Sewer Collections Systems	This fund is for the sewer collection system including the four lift stations maintained by the City of Colfax. Sewer collection fees are billed on a bi-monthly basis.	
563	WWTP Debt Service		Funds to be used for debt servicing on loan associated with building of WWTP (rolled into new project Fund 569) and new loan associated with new project Fund 569.

### City of Colfax City Council

#### Resolution № 45-2018

# CERTIFYING COMPLIANCE WITH THE 2017-2018 APPROPRIATION LIMITATION AND ESTABLISHING THE APPROPRIATION LIMITATION FOR THE 2018-2019 FISCAL YEAR

WHEREAS, the City Council of the City of Colfax hereby certifies that the estimated actual appropriations for the Fiscal Year 2017-2018 will fall within the appropriation limitation for the 2017-2018 Fiscal Year as demonstrated in Attachment 1; and

WHEREAS, the City Council of the City of Colfax must establish the appropriation limitation for the fiscal year 2018-2019, as calculated in Attachment 2:

**NOW, THEREFORE, IT IS HEREBY RESOLVED** by the City Council of the City of Colfax that the 2017-2018 Fiscal Year expenditures fall within the established limitations and the limitations for the 2018-2019 Fiscal Year are hereby established at \$2,357,490.

THE FOREGOING RESOLUTION WAS DULY AND REGULARLY ADOPTED, at a regular meeting of the City Council of the City of Colfax held on the 27<sup>th</sup> day of June, 2018 by the following vote of the Council:

## City of Colfax City Council

#### Resolution № 38-2018

### ADOPTING THE ANNUAL OPERATING BUDGET FOR FISCAL YEAR 2018-2019 AND FISCAL YEAR 2019-2020

WHEREAS, the proposed budget for the City of Colfax is entitled "Annual Operating Budget, 2018-2019 and 2019-2020", a copy of which is on file in City Hall for public review; and,

WHEREAS, the proposed expenditures shown in the summaries of expenditures by fund which is attached hereto are hereby appropriated to the departments, offices and operations in the amount and for the objects and purposes as set forth in the budget document; and

WHEREAS, it is ordered that a copy of this Resolution and the budget documents be made available for public review in Colfax City Hall and that the budget document be certified by the City Clerk and filed in the Office of the City Clerk; and

WHEREAS, this Resolution is required for the orderly operation and maintenance of municipal activities and the usual and current expenses of the City during the 2018-2019 and 2019-2020 Fiscal Years beginning July 1, 2018 and ending June 30, 2020.

**NOW, THEREFORE, BE IT RESOLVED** the City Council of the City of Colfax adopts the Fiscal Year 2018-2019 and Fiscal Year 2019-2020 Annual Operating Budget.
