CITY OF COLFAX

Adopted Budget for Fiscal Years 2024-2025 and 2025-2026 <u>Management Budget Memo</u>

June 2024

Honorable Mayor and Members of the Colfax City Council

City staff is pleased to present the Fiscal Year 2024-2025 and Fiscal Year 2025-2026 Annual Operating Budgets for the City of Colfax. The Annual Budget provides the framework for the delivery of public services to the City. This budget document presents staff's recommendation of a spending plan consistent with projected funding availability, public and City Council goals, efficient and effective service delivery to the community, existing contractual agreements and legal requirements. The proposed budget is balanced, with expenditure amounts in the General Fund and Enterprise Funds within projected revenues and available non-restricted funds, while providing for contributions toward prudent fund balance reserves.

Budget Highlights and Assumptions

<u>Staffing</u>

The City directly allocates costs to the funds and departments that directly benefit from those costs. For payroll and employee benefit expenses, a percentage allocation is utilized during the payroll process. The percentage allocation is developed from a review of each staff position and its related functions during the budget review and preparation process. The cost of payroll related expense and employee benefits costs are allocated using the same percentage allocation.

Staffing levels for the forecasted two years are consistent with current approved staffing levels. Consistent with previous years, a Cost-of-

Living Adjustment (COLA) has been budgeted effective July 1, 2024 and July 1, 2025. The COLA in recent years has been based on Consumer Price Index for Urban Wage Earners and Clerical Workers. For budgeting purposes, an increase of 3% has been used for estimating labor costs. In addition, a provision has been estimated for between 2.5% or 5% in merit increases at employee anniversary dates. These increases are projected for both represented and non-represented employees. These estimates are in accordance with the current Memorandum of Understanding with our labor union which expires on June 30, 2026.

Payroll related expenses and employee benefit costs include: employer payroll taxes, workers compensation insurance, employer portion of CalPERS retirement benefits, health and dental insurance through a Section 125 Cafeteria plan, and life insurance for employees. The City also provides a Section 457 deferred compensation plan and Flexible Spending Account (FSA) plan – employee contributions only (no City cost).

Due to fluctuating needs of some administrative functions, the City continues to contract services with outside agencies and service providers. The functions that are currently contracted are:

- Attorney Services
- Finance Services
- Planner Services
- Building Services
- Engineering Services

Estimates for these functions are consistent with previous year's activity and current contracts. In addition to these ongoing functions an expense estimates are included for a Grant consultant and City newsletter editor. Expense estimates for Human Resource consulting,

Labor law assistance and Defense attorney services have also been included.

General Funds

Sales and Use Tax is the largest revenue source in the City General Fund and in recent years has accounted for 50-60% of total unrestricted revenues. Annual sales tax revenues have decreased slightly in the last couple of years. We are projecting a conservative 1% increase for both budget years over the projection for the current year. The total projection accounts for 50% of total General Fund revenues.

Property Taxes are the second largest revenue source in the General Fund and staff estimates growth of 5% in this revenue category for both budget years.

The new hotel on South Auburn Street has brought increased Transient Occupancy tax to the City. We have estimated a conservative 2% increase in this category for both budget years with the addition of short-term rentals.

We are estimating that other licenses and permit revenues (business licenses, plan check fees, building permits, etc.) will remain at current levels and are budgeted at zero growth.

Approximately one—third of general fund expenditures are for public safety services and specifically for the City contracts with Placer County for Sheriff and Fire services. The budget projection reflects a 3.0% increase in contracted costs for both fiscal years for Fire services and a 5.5% increase to Sheriff services. City staff labor costs (increases discussed in staffing section of this memo) are the next highest expenditure category in the general fund.

The projected forecast for General Funds includes \$103,396 in fiscal year 2024-2025 and \$102,000 in fiscal year 2025-2026 for funding capital projects (refer to capital project listing), funding General Fund capital reserves, and the City's annual contribution to Streets and Roads operating expenses.

The scrutiny of City General Funds has been exhaustive since the economic downturn in 2008 and has afforded the City to establish committed and unassigned reserve balances reflected in the chart below.

| General Fund - Unrestricted | Projected Balance 06/30/2024 |
|--------------------------------------|------------------------------------|
| Unrestricted - Committed - Operating | \$ 600,000 |
| Unrestricted - Committed - Capital | \$ 400,000 |
| Unrestricted - Committed - Pension | \$ 145,000 |
| Unrestricted - Unassigned | \$ 2,600,000 |
| Total Unrestricted | \$ 3,745,000 |

We have budgeted increases in committed reserves as follows:

- Operating Current policy dictates that operating reserve will be 25% of anticipated operating expenses.
- Capital Established practice to allocate \$50,000 per year for Capital Reserve

Special Revenue Funds

Special revenue funds include:

- Mitigation Fees Conservative estimates for mitigation fee revenues have been forecasted for the completion of the Sierra Oaks Estates Development. Other pending projects mitigation fee revenues will be updated at mid-year and fiscal year budget reviews.
- 2. Support for Law Enforcement The proposed budget includes an estimate of \$100,000 per year from the COPS grant. The balance of costs for the Sheriff contract is budgeted in the General Fund.
- 3. Transportation/Streets & Roads The City receives funding for transportation funds processed through Placer County Transportation Planning Agency (PCTPA). The forecast for the fiscal year 2024-2025 is based on projections provided by PCTPA and fiscal year 2025-2026 is projected at the same value. Funds received via the Transportation Development Act Tax (TDA) are first allocated to Transit costs and then available for Street and Road operations and maintenance. Expenses for transportation and street maintenance exceed the transportation funding therefore, the fund is supplemented from unrestricted General Funds and Gas Tax revenues.
- 4. Gas Tax funds These funds are used to maintain the City's streetlights with residual funding being allocated to Streets and Roads operating expenses. Revenues are projected based on the latest State of California estimates.

Capital Projects

The proposed capital project list provides a detailed project listing and includes both City and grant/developer funded projects. Funding sources for each project are identified. The projected projects for the two budget years are forecasted at \$8.9 million – of which \$8 million (89%) is funded by grants. The balance is funded by mitigation fees and operating funds.

The Wastewater Treatment Improvements project (which includes new WWTP equipment and Inflow/Infiltration (I/I) system improvements) is 100% grant funded. We anticipate completion of this project in early 2025-2026. Anticipated savings from the previous solar installation are not expected to be realized until the fiscal year 2025-2026. The Road Rehab Improvements (CDBG Construction Grant) project is 89% grant funded. This project is expected to be completed and reimbursed in early 2024-2025. There is also the Shady Glen sewer consolidation planning application that will be funded upon approval. The City has already expended funds towards the planning application. Project estimates for the Shady Glen sewer consolidation are not currently available. Reimbursement of the planning efforts are expected in midyear 2024-2025.

Sewer Enterprise Fund

The City will follow the recommendations from the formal Wastewater Rate Study that was adopted in May of 2024. The recommendations from the Study included:

 Maintain established operating reserves, debt service reserves required by loan agreement, short lived asset reserve required by grant/loan agreement, and capital replacement reserve to be funded annually.

- A maximum of 3% increase to be reviewed and adjusted on an annual basis was adopted. The sewer rate increase for 2024-2025 was set at 2%.
- A new Wastewater Rate Study will not be completed until June 2029.

Sewer Enterprise Funds that are not invested in capital assets are listed in the chart below.

| Enterprise (Sewer) Fund | Projected Balance 06/30/2024 |
|---|------------------------------------|
| Restricted Funds - Debt Reserves, Capital funds | \$ 1,075,000 |
| Unrestricted - Committed - Operating | \$ 485,000 |
| Unrestricted - Committed - Capital | \$ 600,000 |
| Unrestricted - Unassigned | \$ 2,210,000 |
| Total | \$ 4,370,000 |

We have budgeted increases in committed reserves as follows:

- Operating Current policy dictates that operating reserve will be 25% of anticipated operating expenses.
- Capital Established practice to allocate \$100,000 per year for Capital Reserve

Fiscal Challenges and Opportunities

Although the unrestricted general fund revenues are modeled after recent years' trends, the future of the economy is expected to be unsettled for the next couple of years. In addition, the inflation rates will continue to impact the jurisdiction's purchase power for current and future projects.

Cal PERS Retirement expenses are expected to continue increasing over the next five years. It is anticipated that Unfunded liabilities will continue to increase.

Conclusion

As in previous years, we are challenged with minimal resources to provide solid local government services. City Council and staff must continue to focus on finding and securing new or improved sources of revenue and be good stewards of taxpayers' monies. The continued commitment to business recruitment and community promotion will align with goals set by the Council.

Ron Walker City Manager

CITY OF COLFAX

Fund Descriptions - General Funds

The General Fund receives all unrestricted money, which pays for departmental spending on the day-to-day operating costs for traditional City services. Major funding sources include property taxes, sales taxes, transient occupancy taxes, franchise fees, business license fees, building permits, and vehicle license fees. Most of the individual revenue sources are sensitive to changes in the economy, and most are not directly under the City's control.

| Fund | Dept | Fund Name | Fund Description | Budget Notes/Assumptions |
|------|------|----------------------------|--|---|
| 100 | | | · | |
| | 100 | | Central Service Department provides support for city-wide services consumed by all City departments. Services include copy machine costs, office supplies, animal control contracts. The department also includes an allocation for City wide audit services. | |
| | 110 | | The City Council serves as the Board of Directors for the municipal organization providing policy direction and guidance to staff. The City Council consists of five members, elected at-large on a non-partisan basis. Members serve for four years, with overlapping terms. The City Council enacts city ordinances, establishes policies, hears appeals, adopts annual budget, sets salaries, represents the public, and maintains intergovernmental relations. The Mayor presides over the City Council meeting. Regular meetings of the Council are held on the second and fourth Wednesdays of every month. Council members also serve on regional and local boards, and on Council ad-hoc committees. | and \$150 per month for the mayor. The City Treasurer also receives a monthly stipend of \$100. |
| | 120 | Finance C ir d sı | The Administration and Finance Department implements the legislative actions of the City buncil, provides for the City's administrative, fiscal, personnel, property management, public formation, record keeping functions, maintaining the financial integrity, and managing the ay-to-day financial operations of the City. In addition, staff manages labor relations and staff upport, inter-governmental relations, business license administration, and insurance | City staff and consultants are allocated to Fund/Departments based on annual estimates of tasks to be performed. |
| | 160 | City Attorney | The City Attorney prepares contracts, agreements, leases, and other legal documents, ordinances, and resolutions. The City Attorney advises the City Council and staff on legal matters, represents and defends the City in litigation and supervises outside Counsel activities in special areas. | City contracts with an outside attorney. Budget estimates of general fund legal expenses based on previous years' actual costs. |
| | 200 | · | The Fire Department's primary function and responsibility is to reduce the risk of life and property loss resulting from fire and hazardous materials incidents, and provide emergency medical assistance to the residents of Colfax. Fire protection services are provided primarily through the use of volunteers. Currently, management is provided by contract with Placer County using Cal Fire. Volunteer services are coordinated through the Cal Fire Fire Chief. | Budget estimates based on contract with Cal Fire - and projected expenses provided by Fire Chief. |
| | 300 | Sheriff | The Sheriff department is responsible for the enforcement of State laws and municipal ordinances, the prevention of crime, traffic, investigations, and apprehension of suspected criminals. The City contracts with Placer County for Sheriff services. | Budget estimates based on contract with Placer County. City also pays for booking fees when the 3-year average has been met. |
| | 400 | Building Dept | The Building Department administers and enforces the California Building Codes, other pertinent State and Federal Laws, and City ordinances regulating construction activities. The Department issues permits, collects fees, reviews construction plans for compliance, inspects construction projects, and provides information about the development. | City staff and consultants are allocated to Fund/Departments based on annual estimates of tasks to be performed. |
| | 425 | | The Engineering Department is responsible for all engineering related functions of the City. The city engineer reviews development and construction plans for impact to road circulation, water drainage, and other City impacts. Additionally, the City Engineer is also responsible for the City's capital improvement program. | The City contracts with an outside Engineering firm on an hourly basis. Budget estimates of general fund engineering expenses based on previous years actual costs. |
| | 450 | | The Planning Department oversees development and maintenance of the City General Plan, related community plans, design standards, zoning regulations and other development and design programs. It administers all City environmental review processes for public and private projects. Planning also coordinates projects through and administers all programs related to the Planning Commission. Planning also helps the City Manager develop and manage economic development programs. | The City contracts with an outside firm on an hourly basis. Budget estimates of general fund planning expenses based on previous years actual costs. |

CITY OF COLFAX

Fund Descriptions - Special Revenue Funds

Special Revenue Funds are used to account for revenues derived from specific taxes or other earmarked revenue sources. They are usually required by statute, or local ordinance to finance particular governmental functions or activities.

| Fund | Fund Name | Fund Description | Budget Notes/Assumptions |
|--------|----------------------------------|---|--|
| 210-17 | Mitigation Funds | The development fees for mitigation of traffic, drainage, trails, parks and recreation, city buildings, vehicles, and downtown parkings are necessary for community safety, welfare, and continued economic viability. The fees collected shall be expended only for the purposes mentioned. | The Skate Park is a planned capital project to utilize some of the parks & recreation mitigation fees. |
| 218 | | Support Law Enforcement and COPS (Citizen Option for Public Safety): State of California appropriated special revenue funds to enhance law enforcement efforts in communities throughout the state. The funds are used primarily to enhance communications and records management, to improve information available to officers in patrol and other police services. The City has a contract with Placer County for police protection. | Budget assumes that the City will continue to receive annual COPS grant in the amount of \$100K. Funding is not constitutionally protected and is subject to reappropriation each year and may be eliminated at the discretion of the State Legislature, or by a veto of the Governor. |
| 244 | CDBG - Program Income | CDBG Program Income carried forward from previous years. Funds are restricted within CDBG guidelines. | Program Income less than \$25K per year can be "defederalized" and transferred to City General Funds. |
| 250 | Roads | California Transportation Commission allocates funds for transit and transportation needs. Funds flow to the City as Local Transportation Funds (LTF) and State Transit Assistance (STA) through Placer County Transportation Planning Agency. STA funds can only be used for transit services. LTF funds must first be used on transit services, additional funds can be used for other transportation needs and streets/roads projects. | Funding levels based on Adopted apportionment approved by PCTPA. |
| 253 | | The State currently imposes a 14 cent tax per gallon of gasoline, and allocates part of it to cities and counties on the basis of population and statutory formulas. These funds are restricted to use of street maintenance, traffic safety, and construction. | Expenses in fund include cost of street and traffic lights - residual of funds are transferred to Fund 250. |
| | Rehabilitation | This funding will be apportioned by formula to eligible cities and counties pursuant to Streets and Highways Code section 2032(h) for basic road maintenance, rehabilitation, and critical safety projects on the local streets and roads system. | This funding is being utilized to fund the CDBG Road Rehabilitation city match requirement. |
| 270 | Beverage Recycling | The Department of Resources Recycling and Recovery (CalRecycle) funds beverage container recycling and litter abatement projects. Expenses can be for education, recycling containers, etc. | No planned activity. |
| 280 | Oil Grant | The Department of Resources Recycling and Recovery (CalRecycle) funds | No planned activity. |
| | SB1383 Local Assistance Grant | This Program provides funds to local jurisdictions to help implement SB 1383 requirements. | The City is working with R3 Consulting to manage the grant process and expenditures. |
| 292 | Fire Capital Fund | The City on occasion "rents" equipment and volunteers to help with out of county fires (strike team coverage). Net revenues of this fund is designated for capital costs associated with the Fire Department. | Balance in fund is reserved for facility improvements. |
| 342 | Fire Construction | The City collects .5 percent on the value of new construction. Net revenues of this fund is designated for capital costs associated with the Fire Department. | Balance in fund is reserved for facility improvements. |
| 343 | Recreation Construction | The City collects .5 percent on the value of new construction. Net revenues of this fund is designated for capital costs associated with City Recreation construction. | Balance in fund is reserved for replacement of current equipment and facility improvements. |

CITY OF COLFAX

Fund Descriptions - Enterprise Funds

Enterprise Funds are used to account for the operations of self-supporting governmental activities that render services or goods to the public. The accounting records are maintained on an accrual basis. The intent of the City is that the costs (expenses and depreciation) of providing goods and services to the general public on a continuing basis be financed and recovered primarily through user charges.

| Fund | Fund Name | Fund Description | Budget Notes/Assumptions |
|------|-------------------------------------|---|---|
| 560 | Sewer WWTP Maintenance & Operations | This fund is for Sewer/Wastewater Treatment Plant maintenance and operations. | |
| | | | |
| 561 | | This fund is for the sewer collection system including the four lift stations maintained by the City of Colfax. Sewer collection fees are billed on a bi-monthly basis. | |
| 563 | WWTP Debt Service | Fund originally set up for tracking costs on WWTP project funded by SRF loan. | Funds to be used for debt servicing on loan associated with building of WWTP. |

| Population Factor Population Factor County City Growth Factor |

*The City can elect to utilize the percent growth in City popultion or the percent growth in County population. Note: In June 2019, the City recalculated the historical Appropriations limit from original adoption in fiscal year 1981 to June 30, 2019. The total growth factor for each year is the City population factor multiplied by the per capita income factor for fiscal years 1980 to 1987 and the larger of the City or County population factor multiplied by the per capita income factor for fiscal years subsequent to 1987. Independent Accountants Report dated June 3, 2019.
